## EXPERTISE

---

Caitlin's expertise is an efficient, consent-based process that promotes actor safety in scenes involving nudity and simulated sex while prioritizing the director's vision. She has over a decade of experience as a storyteller specializing in emotionally and physically intimate material. She has extensive experience with various forms of intimacy, including nudity, simulated sex, barriers, modesty garments, kink, and sexual violence. She also assists production in creating and implementing nudity riders and ensuring closed-set protocol. Her process ensures that stories are conveyed clearly and powerfully, prioritizing the safety of everyone involved.
